Trizzie Huynh

OBJECTIVE

As a driven individual and a curious learner, I am seeking an opportunity as an intern in the software development field. Bringing excellent communication skills, troubleshooting skills as well as the ability to develop object-oriented products as per customer requirements, I wish to work with a diverse team that aims towards contributing to the company's vision and goals. With my creative and innovative designing expertise in designing, planning, and maintenance of software programs, I am eager and also confident to take part in and contribute to your company's future success.

SKILLS

Coding: Python, Java, C#, JavaScript (jQuery, NodeJS, ReactJS), HTML, CSS

Technologies/Environment: MAC OS, Windows, API/GUI, MySQL, Eclipse

EXPERIENCE

Community Education Program, Santa Ana, CA

Math Instructor (March 2019-Present)

I teach math courses for the Community program at SCC. The classes I teach are Pre-Algebra Algebra Geometry Pre-Calculus SAT/ACT prep.

Fusion Academy, Huntington Beach, CA

Math Instructor (October 2020-December 2022)

Plan and instruct lessons to facilitate students' understanding and application of mathematical concepts. Ensure that the classroom remains safe and conducive to learning.

EDUCATION

UC Irvine, Irvine, CA

Full-Stack Web Development, (February 2023-Present)

Santa Ana College, Santa Ana, CA

Computer Science (August 2022- Present)

CSU Long Beach, Long Beach, CA

Master of Sciences in Mathematics (August 2016- December 2019)

CSU Long Beach, Long Beach, CA

Bachelor of Science in Mathematics (August 2016- December 2019)

SCHOOL PROJECT

Code Quiz (March 2023)

I build a timed coding quiz with multiple-choice questions. This app will run in the browser and will feature dynamically updated HTML and CSS powered by JavaScript code.
